

as it stands there is no controll over this ymca they party till 3/4am they abuse the rights and have no respect for others around the area when they are loud at all times of the day, and in the current times they have no or regulations on covid and its restrictions/social distance as well as over hearing many conversations about how they dont care about it all with in the smoking area outside. a long with all this there is numorus ammounts of arguing amoungst each other, fights and loud music. i believe adding more rooms and inceasing the capacity of this YMCA would only make this worse when adding more people to its capacity. my self and other residents have put in many complaints about the YMCA due to the fact of the loud music at early hours of the morning as well as the abussive language and arguments had between them selfs on a daily basis and when doing this and contacting someone about this its always gone to a dead end no action has been taken about it. there have also been on many occasion rubbish and cooking wear/utensils trown over the garden into our back area from the YMCA as they are not allowed to cook with in the building so they use and dispose of stuff then get rid of it by throwing it out of there window into our back gated area.

constructing more rooms and a bigger YMCA would only in my opinion and many others in this area would make this 3 times worse therefore will be giving the area a bad name.

i would like to object to having this new building as it could cause more harm than good to the area and its residents purely down to the fact of lack of respect from everyone in and around the YMCA and the people it attracts along with it.
