Type	
Comments	Thank you for consulting The Gardens Trust, of which HGT is a member. Our comments on 6/2020/2409/TC, submitted on 1/10/20 for these tree works noted that there was no arboricultural report justifying these extensive interventions. We note from this current application that no advice has been sought from WHBC. We would consider that either an arboricultural report from an independent tree surgeon or advice from WHBC should be obtained before this application is determined.
