Comments	<input type="text" value="I am strongly opposed to an 11 storey block of flats as proposed in the Bio-park development. It seems incompatible with the design of Welwyn Garden City. It does not fit into the type of housing that a community designed for reasonable living space should have. I can not imagine even the best architecture would seem suitable in our town. I sincerely hope that this application will be rejected an replaced with a building no more than 3 stories and including good surrounding garden space."/>
