Comments	<input type="text" value="At 9 storeys this is far too tall for our town and totally out of keeping with the garden city idea, especially as it will be visible from the town centre. It is also contrary to the Council's own SPD of 5 storeys. It is out of keeping with the style of either the former Roche building or the existing adjacent flats in Broadwater Road and will overpower both. There is insufficient green space and the density of the development is far too high."/>
