Comments	<input type="text" value="What do the council think they are doing, the plan was agreed, now you are letting the site become a concrete high rise, completely ruining the site and the ethos of our GARDEN city. This need to be stopped, most councils now think high rise is a bad option, it causes social isolation and damages mental health? Yet you are allowing this to go ahead. The original plan was agreed as it kept the heritage of our town. Now it will completely ruin it. No where for parking, no public places, the silos completely obliterated from sight. You have to stop this"/>
