Comments	<input type="text" value="The proposal of a 9 storey building on this restricted site completely goes against the WHBC's own vision of integrated development in the spirit of a GARDEN city. It in no way meets this promise. The development creates a blot which can be seen from other protected sites. The lack of parking proposed will also cause a major headache in this area. This on top of other developments proposed is completely overshadowing our lovely and much admired RURAL town."/>
