Subject: Broadwater Road proposals fao Case Officer

Dear sir,

I wish to object to the following proposal 6/2020/3420/MAJ - The BioPark.

289 units are proposed to house 852 people in a very restricted site with building height of 9 storeys. This contradicts the WHBC's own vision for Broadwater West, which was to integrate the spirit of the Garden City with the very best 21st century design. There is nothing of the Garden City spirit here. It is inappropriate for a Garden City due to its large scale, high density of homes and minimal greenery. It has no kinship with our unique town.

Yours faithfully
