Comments	<input type="text" value="I Strongly object to this development because it goes against what a garden city stands for. I moved here 10 years ago because we didn't want to live surrounded by blocks of flats. The local infrastructure is already struggling to cope with demand and this proposal is going to create even more strain on local schools, doctors etc. How can this receive planning permission when its quite difficult to even get a conservatory built because it is not in keeping with the principles of a Garden city!!"/>
