Comments	<input https:="" type="text" uhp7jj3s6qo"="" value="This should never have even go to this stage. This is totally against our Garden City ethos. We DO NOT need more flats, flats, flats. This development will simply be lining the pockets of developers with no consideration for the town. It will ruin it. Especially with the pandemic, people now want houses, with gardens. We have been totally misled from the original plans for the whole area. The development is too high, too many flats and too dense. Come on people, this is a GARDEN City. Where is the infrastructure? Imagine rolling into WGC station and behind sign, masses of flats!! Great! See this please: https://youtu.be/Uhp7JJ3s6Qo I would also be interested to learn where the people who vote on this actually live. If it's approved, I bet they are not from here."/>
