Comments	<input type="text" value="With a proposal to house 852 people in 289 units on a very restricted site with a building height of 9 storeys, this application contradicts Welwyn Hatfield Borough Council's own vision for Broadwater Road. It is inappropriate for a Garden City owing to its large scale, high density of homes and minimal greenery. It is completely out of keeping with Ebenezer Howard's concept for our unique town, which must be maintained and not summarily swept aside or ignored."/>
