Dear Ms Howe

I am writing to object to the planning developments for the Wheat Quarter, Broadwater Road and the Bio Park. All three go against the garden city concept in size, dwelling density and lack of open spaces. The proposed developments contradicts the SPD in the Local Plan by exceeding 5 storeys. The silos would be dwarfed. The increased number of dwellings proposed also contradicts the SPD. The dwelling density is totally unsuitable for WGC and goes completely against the concept of a garden city.

I trust that the Council will dismiss these developments with the contempt they deserve.

Yours sincerely
