Comments	<input type="text" value="I am in disbelief that 289 units are proposed to house 852 people in this extremely restricted site, with buildings of 9 STOREYS. This contradicts WHBC's own vision for Broadwater Road west which was to integrate the spirit of the Garden City with the very best of 21st century design. There is nothing of the Garden City spirit here. THE PLANS ARE UNBELIEVABLY UGLY!!! How can you even consider such a disgusting looking bunch of tower blocks? It is inappropriate for a Garden City due to its large scale, high density of homes and minimal greenery. It has no kinship with our unique town. This development offers only 216 parking spaces for 289 homes. There is no example where a development without adequate car parking has worked. WGC Residents are SO ANGRY that the council seem so happy to destroy our town landscape, I urge you to listen to us and stop this vandalism of our town."/>
