Comments	<input type="text" value="I object to high rise flats in WGC. It is against the ethos of the Garden City. I understand you need to provide more but this should be predominately houses with gardens and low rise flats with green space. Car parking is a huge issue, it is unrealistic to think people buying these flats will not have cars. Public transport In WGC is appalling so people will not ditch their cars. High rise blocks do not work for anyone. They will look like 60's tower blocks. Have councils not learnt any lessons."/>
