Comments	<input type="text" value="I have been a resident of Welwyn Garden City for over 30 years! I am very disappointed by the proposals for this site. There will be too many people for this area to support. Very little outside green space, which is extremely important post COVID. There are too many flats proposed with only a small percentage available through the help to buy scheme (affordable housing). This is not Ebenezer Howard's vision and it never will be. I object in the strongest terms, please rethink your ideas."/>
