Comments	<input type="text" value="This application makes a mockery of Welwyn GARDEN City. The plans are NOT conducive to a Garden city, there is not the supporting infrastructure to support the amount of additional residents either. The application is ugly and does not fit in with surrounding buildings or the ethos of the Garden city. These homes will NOT be affordable to local residents, purchasers will be locked into share to buy deals which will mean that in the future they will be unable to sell them should they wish to start a family."/>
