Comments	<input type="text" value="As a local resident, I'm concerned about the 3 planning applications in Broadwater Road, specially the Bio Park application. Welwyn Garden City is supposed to be an affordable & peaceful place to live whereas cramming over 850 people in that building is contrary to the feel of the town and I don't think the town could cope with the heavy numbers of future residents of all the three planning applications in WGC, ie: schools, GP Surgeries, public transfers, recreation centres the housing prices are not cheap either so it'll make it unbearable for our young generations to be able to afford living near their families. Please reconsider."/>
