<b>Comments</b>	<input type="text" value="Planning was given to build a substantial amount of new homes/apartments. Now we hear or read that you will be taking away recreation space to build more buildings and cram more people into a very busy and small space. I live very near to Stanborough Road, having to put up with constant traffic noise, throughout the day and night of cars, trucks and boy racers. The bridge was recently repaired, now I see it will be closing again in August as you repair the road and bridge again. Parking is a big issue and even though I walk or cycle a lot more, the roads are congested with traffic and cars parking legally or illegally. Stanborough School is full as is Monkswalk, where will these families be schooled? I can never get a dr's appointment at Springhouse, now you add 100's more families to a very small surgery. After living abroad, I insisted on returning to WGC, as it was a beautiful town. I am now having second thoughts on my decision. Welcome to Gotham City!"/>
