<b>Comments</b>	<input type="text" value="The increased height of buildings will ruin the look of our Garden City and is not in keeping with the rest of the town. Reduction of the green spaced areas will be detrimental to the wellbeing of the residents, and will further create an eyesore on our beautiful 'garden city'. Lack of parking will create an area where cars are parked on the curb, or push people to park in nearby areas outside of the Bio Park development. Lack of local infrastructure - schools, doctors, dentists, hospital - will put a drain on current resources and create longer waiting lists and problems within the community."/>
