Comments	<input type="text" value="I am completely opposed to this planning application. We have lived in Welwyn Garden City for over 30 years and have seen all services e.g. Doctors, Dentist etc completely over subscribed. We do not have resources locally to meet additional people when the local community is already at breaking point. The proposed flats are not in keeping with the Garden City ethos. We need housing for local people already struggling for suitable accommodation. Let's build houses with gardens for Council residents, not overpriced flats for London overspill."/>
