<b>Comments</b>	<input type="text" value="Not only does this level of flats go against the original vision for the Garden City, it is highly adding to over overstretched services. I didn't come to this town for high rises, I came for the split of green and balance of housing. People are not wanting to flee London for flats, flats and more flats. They want affordable houses. Please do not ruin or beautiful town with allowing these tower blocks (for want of a better word.) The demolishing of offices to flats it just silly, where are these people going to work, oh we got rid of the industry, where are they going to school - there's no spaces, the hospital was downgraded, and a&amp;e I'm Stevenage is overstretched already. This is an extremely dangerous move."/>
