Comments	<input type="text" value="I strongly object to the proposed building of high rise flats. There is not enough open space and the whole element of design is not in keeping with Wgc. I do not believe that there is the infrastructure in place to cope with this amount of new homes in such a small area. Doctors and schools are already struggling to cope with the amount of people they have. I do not see how there is enough parking allocated for these properties and regardless Our road system it's already congested And cannot cope with the amount of new vehicles that this proposed planning will bring"/>
