Comments	<input type="text" value="This development is totally out of keeping with the Garden City concept. The 9 story High rise blocks on the bio park site are simply not appropriate and will be send from the town and ruin the view from the garden city centre. We have just moved into our forever home on long croft lane and will be devastated if an ugly sky rise block of flats above the 5 story rule is permitted, as this will be visible from our garden towering over the beautiful protected woodland spaces. I cannot understand how the Welwyn Hatfield Planners could approve such a scheme, and hope the maximum height is limited to 5 stories as protected for so long in the garden city agreement"/>
