Comments	<input type="text" value="I wish to object to this development at the Bio Park as it is not in keeping with the Garden City ethos. While I appreciate that we need housing, I don't feel that excessive numbers of flats are the answer. This development is far to big for this town and I fail to see how local services such as schools and GP's will be able to cope with such an increase in demand for their services. WGC is being swamped with more of these flats which are not suitable for families needs."/>
