Comments	<input type="text" value="I cannot believe what has been proposed here with high rise flats for a beautiful town as WGC, GARDEN being the most prominent word! I have lived here since 1963 when my parents moved from Tottenham and my Dad worked at Rank Bush Murphy, ICI, Post Office over the years. Developments have been setup but the fundamental ideals have always been taken into consideration. This time I could not stand by and watch while you cause an absolute eye sore with the height of the apartments and making us just like any other town e.g. Hatfield and Stevenage. We have always had industrial areas but these have always been tastefully completed. My Mum and Mother and Father-in-law would turn in their grave at what is being proposed! I really hope this can be stopped!"/>
