Comments	<input type="text" value="As a WGC resident since 1944 I am wholeheartedly against the erection of multi-storey properties and also the density of the proposed properties. Not only is this a contravention of the GARDEN city ethos but such a massive increase in population is not sustainable. It is already nigh on impossible to make NHS appointments within a reasonable timeframe and our emergency services are stretched to the limit. Social housing is becoming non-existent for our children/grandchildren forcing them away from their birthplace to find affrdable properties. MY HUSBAND AND I STRONGLY OBJECT TO THE PROPOSALS."/>
