The application to build 9 or 10 storey blocks of flats on Broadwater Road should most definitely be refused.

The proposal is totally out of keeping with the Garden City idea. What is needed in WGC are affordable houses NOT more flats. I moved to WGC two years ago and was impressed by the amount of green spaces and trees.

I live in a flat myself in Times Square where too many blocks have been built on the site. Please don't spoil the garden city, restrict the Broadwater Road development to a maximum of 5 storeys.
