

Comment for planning application 6/2020/3420/MAJ

Application Number	<input type="text" value="6/2020/3420/MAJ"/>
Location	<input type="text" value="Biopark, Broadwater Road, Welwyn Garden City AL7 3AX"/>
Proposal	<input type="text" value="Demolition of existing buildings and construction of 289 residential units (Use Class C3) and community hub (Use Class E/F.2), with public realm and open space, landscaping, access, associated car and cycle parking, refuse and recycling storage and supporting infrastructure."/>
Case Officer	<input type="text" value="Mr David Elmore"/>
Organisation	<input type="text"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I object to the building of ever more flats in WGC in general and this area of the town in particular on the grounds that the proposed building being too high, out of keeping with the town and its ethos. Yet more flats when families with children need houses, too many additional homes in too small an area with infrastructure not considered - doctors, dentists etc. Flats most likely be bought by commuters moving out of London won't provide the homes that local families require - houses with gardens. More permanent loss of industrial area so even more residents have to commute out of WGC to work. The 3 planning applications are all on the same road, leading to the same major junctions which will lead to significant increased congestion. I feel this is lazy planning to build max number in smallest space so not needing to encroach on the local villages where objections may be loudest."/>
