<b>Comments</b>	<input type="text" value="I want to object to the planning application for flats on this site proposed over the normal maximum of 5 storeys. I feel the area is being turned into a concrete jungle with tower blocks which was never what Welwyn Garden City was about and goes against the area's feel as a garden city and moves it towards an inner city concrete jungle. As a nearby resident I feel if this plan is somehow approved it will impact me in that my property will become over-looked by the residents, even at just 5 storeys, so going higher than this sounds like a nightmare. I also feel that this will add significant strain to local services as well as the trains, which already struggle to cope and I feel that the proposal is not in keeping with the area at all."/>
