Comments	<input type="text" value="This development is out of character with the original style of Welwyn Garden City and the planning ethos brought about by Ebenezer Howard. WGC does not have the current infrastructure to support so many more residents. Also the town needs a mix of housing types with a focus on family housing with gardens with local people first and foremost - these properties do not appear to be aimed at this, purely attracting commuters from London. The high rise features are appalling and not in keeping with Welwyn Garden City."/>
