<b>Comments</b>	<input type="text" value="In allowing this proposal to proceed WH will be abandoning its commitment to maintain the heritage, the spirit and the vision of this historic Garden City town. When considering any planning application we should be able to trust our council to defend its citizens and rate payers from offensive, illegal and inappropriate building proposals. In this 21st century, 100 years on from the beginnings of the Garden City, this precious concept should be even more relevant. Please lodge our strong objection to this type of development, anywhere within the Garden City, and particularly on a site which, although it is calling out for redevelopment, is nevertheless one of the original iconic places which made Welwyn Garden City such a world-wide example of pastoral living."/>
