<b>Comments</b>	<input type="text" value="It is absolutely incredible that the Committee is even considering this type of development. What is the Garden City becoming. If all these flats are developed, what happens when the families come along and there are no houses for them to move to. Also, the parking facilities that are planned are no way near enough for the development. Earlier it was stated that people living there wouldn't need a car as they were near the station . So it appears they will not be entitled to a normal life. Please, please do not let this development go ahead. The same comments apply to the Wheat Quarter."/>
