Keep the G in WGC.

I am astonished at what the Council are being allowed to get away with AND break their own rules. Whatever happened to the ethos of a Garden city? Also, give it a couple of years and all of Bessemer Road/Broadwater etc will become a crime ridden area. Also, high rise flat after ugly high rise flat is being built with no local amenities, other than what's in the town centre. Absolutely shocking how the Council itself are responsible for destroying it's beautiful garden city. On the same subject, grassed areas in general are being left to become shrubland, before they are eventually mowed. So sad.
