Comments	<input type="text" value="The scale of this development will be totally out of character with the Garden City ethos. The massive influx of new residents to this development will put a strain on our already stretched community resources i.e. local schools, parking, health services, police/crime & transport links. I moved to WGC for a quieter country life if I wanted to live in a high rise concrete jungle i could have stayed in London. Don't destroy our family friendly town."/>
