

I write to say I am opposed to the planned "Biopark, Wheat Quarter and Southside flats being built in Welwyn Garden City.

My husband and I moved to WGC three years ago from London, wanting to escape the very thing you are planning to build! A concrete mass of flats with zero personality, purely built for profit with a total disregard to the very essence of what life in WGC is all about!

Keep Welwyn Garden City Green and a Garden City - not a concrete one!

Regards,

Welwyn Garden City residences since 2018
