Hi,

I would like to register my objection to the plans referenced 6/2020/3420/MAJ for the Biopark development on Broadwater Road.

While I appreciate the need for extra housing, and to utilise such brownfield sites, it should be done in a way that is appropriate and in keeping with the surroundings, and the ethos and spirit that embodies our Garden City. The current plans for flats across 8+ storeys with minimal green space, with far higher density housing than anything else in the local area, does not align with the criteria for a Garden City, nor I would imagine, the council's own Masterplan. As such, it is not in keeping with its surroundings.
