**** WARNING: This email originated outside the WHBC Network. Please be extra vigilant when opening attachments or clicking links ****

Dear Sirs, Good morning,

We have been made aware of the developers applications to build in Broadwater Road, Welwyn Garden City.

We are totally opposed to granting permission for this planning application and for the additional planning applications at Wheat quarter and Southside.

We have lived in this town for over 30 years and have gradually seen it splitting into two : a conservation area to the West and a Welwyn Garden City **New Town** to the East (Broadwater) of the railway line, which is unacceptable.

These developments will make this divide so great that we will seriously consider whether it is worth continuing to live in a Welwyn Garden City that no longer meets Ebenezer's vision.

We do not want nearly 3000 flats and no houses in our City, we do not want it to turn into a New Town, there are other solutions to the Council's housing needs.

We trust that you will reject these applications.

Thanking you in anticipation
