| Comments | <input type="text" value="I strongly disapprove to this scheme. Due to It's size and density For the past 37 years that I have been here it was once a place we were proud of. In what seems that in the last 10 years this council has allowed the high standards the councils once held and has allowed them to slip allowing a pitiful state of poor or non existing control of the maintenance, safety and appearance of our streets.. To think that this is even being considered shows that we should be thinking of a new MP."/> |
