Comments	<input type="text" value="As a person who has lived in Welwyn Garden City all my life(72 years) I think this planning application goes against the grain of everything that WGC stands for. High Rise. Cramped conditions. No gardens. No blending in with surroundings. My father who came here in the 30's to work for Welwyn Builders who built most of the town houses would turn in his grave. High rise monstrosities belong in a large urban environment not our town that was encouraging people to come out of the suburbs to live here. Is this all to make a fast buck?. Shame on the council and the developers for even considering it."/>
