Hi, you are missing the boat with the concept of a MASTERPLAN. You now have the opportunity to destroy Howard's Vision. It has been an ill conceived nightmare to see and live in. You and some Councilors should insist that we can go the whole hog and at least double the height to 20 storeys or even more. Imagine the profit available. Imagine how we will see these beautiful buildings, mouth agape with astonishment. Our world wide heritage blown apart in one go and replace with a “FAMOUS “ Welwyn GRUESOME CITY. You can be named in history as the infamous group to take such a planning step to cremate once and for all OUR GARDEN CITY.

By the way why when I applied for planning permission to replace my garage was a height limit in place to make sure the structure could not be seen from the road. Now that was a bit over the top, not like the so called “ Master Plan”!!!

THE MASTER PLAN IS AS BAD A JOKE AS MY eMAIL.

Kind regards. [REDACTED]
