Comments	<input type="text" value="I object to this building as it will be the first thing people see from the train station. If this is built it will no longer be a garden city. It won't blend in with the rest of the skyline and other buildings in welwyn garden city. In addition to this, we don't have the infrastructure to support it. We don't have an a&e anymore, we don't have enough restaurants, schools or anything to support it. On top of this, supermarkets are rammed as it is, let alone with more people. I also don't see how the roads can take it and it will become gridlocked."/>
