Comments	<input type="text" value="We do not have the infrastructure in the town to support even more flats. We have no hospital, not enough doctors and schools. This is destroying the town and it is losing its identity as the garden city a nice place to live. This town still only has one way in and out of the town to the A1 and it is always blocked. It cannot cope with the constant streams of traffic onto it ridiculous two lanes. This type of application. Will make this considerable worse. Not happy"/>
