<b>Comments</b>	<input type="text" value="I firmly oppose the proposed planning application for this site. Although redevelopment is needed, the scale of the proposed is highly concerning. The local infrastructure and services (schooling, parking, healthcare) simply cannot support the population increase that the proposed development would demand. The allocated parking would be insufficient meaning that there would be significant overspill on to the main road. The level of traffic would increase significantly due to access. The site will be highly imposing and dwarf the current, listed structure."/>
