Comments	<input type="text" value="If blocks of flats up to 11 story's high are permitted, in contradiction of current Building limit of 5 storeys, they would look totally at odds with their surroundings and totally inappropriate for our Garden City. The street scene would be so overpowering and uncomprehensible. A lack of greenery, a school, a doctor's surgery and enough parking are all very serious concerns. Why have other sites within the borough with good public transport accessibility, such as villages, been ignored despite their obvious suitability for development."/>
