<b>Comments</b>	<input type="text" value="Whilst I support new buildings for the town and in particular this area which has long been derelict I feel very strongly that the proposed buildings are far too tall and will be detrimental to the overall feel and look of our Garden City. The infrastructure of the surrounding roads especially with the introduction of cycle lanes which already restricts the flow of traffic will be problematic. These buildings look to be 10/11 floors high and we are only pleasing the developers! Buildings this height are never a good look but much less in a small town like ours."/>
