Comments	<input type="text" value="The planned 10 storeys building height contradicts the Broadwater Rd SPD limiting to five storeys. If approved this will give president for other developers to build 10 storey buildings. It has no kinship with our unique garden city. Local infrastructure will be unable to cope with the number of people. The development will compromise the Broadwater Rd street scene overpowering the neighbouring art deco Griffin Place and Mirage developments. Traffic management and local areas will be unable to cope with the additional volume of cars this development will bring."/>
