Comments	<input type="text" value="Too many units planned for the site and the blocks are far too high. Not keeping with the WGC vision with green spaces away from the Industrial area. Not enough parking allocated for home owners let alone visitors. Too many apartments for couples are planned but WGC needs more houses for families. It will house just over 900 more people than proposed in the 2019 application. The local infrastructure would not be able to cope with such a large new development especially as so other apartment blocks are currently in progress (planned/building) in close proximity to the town centre."/>
