Comments	<input type="text" value="Far too many homes for the space or the garden city in general. Concrete jungle not a garden city development. Density is out of keeping with area and will lead to crime and dangerous areas. Health implications of such density of populations in a post Covid world. Too tall, should be 5 storeys max. Overload on roads, schools, trains and buses. No nearby A&E. QE2 is too small for this. A few yards away no development on any green area is allowed. No consistency. Develop yes, but don't get so greedy. It's wrong and short sighted and clearly financially motivated to overdeveloped this land to the level proposed. More green spaces should be made around all the new buildings."/>
