Comments	<input type="text" value="The size of this development is completely upsetting the balance of the town. I don't understand how the people will park, or how they can access health and social facilities as the local hospital was knocked down to build more homes.. Other housing is going up across the town and spread out it is spreading the load thankfully. I understand that housing is needed but is there a plan to stop this becoming a ghetto with so many people living in such close proximity already services are struggling. I would like more information to be openly shared before this goes any further.. Also post grenfell, i thought housing was moving away from towerblocks but this development is effectively a series of towerblocks....please reconsider.... Your comments have been forwarded onto the planning officer dealing with this application, who will take your views into consideration when determini"/>
