Comments	<input type="text" value="I strongly object to these plans. The buildings are far too tall and a complete eyesore. The lack of gardens makes the area look like a concrete jungle which is certainly not in-keeping with the rest of the town. The lack of parking, services and amenities will cause many problems for neighbours who live in the surrounding area as these problems already exist with the current new housing developments that were built in the last few years. These plans go against what this town stands for and it is such a shame to see its identity at risk just after its centenary. This will be the town's demise if it is allowed to go ahead."/>
