Comments	<input type="text" value="The proposed plans to have 11 storey buildings are not in line with Welwyn Garden City Council's own guidelines of no more than 5 storeys. The plans are also not in keeping with a garden city and in providing the sufficient green space that has been planned in other developments in the town. This would fundamentally change the local area for worse, also with such an increase in population there appear to be no new schools, hospitals, doctors surgeries etc planned."/>
